

Journal of Safety Analytics

JOSA · www.optimresearch.com/index.php/josa

CALL FOR PAPERS

Inaugural Issue for the year 2026

We invite original research and review articles advancing the theory and practice of safety science through analytical and data-driven approaches.

International | Double-Blind Peer Review | APC Waived — Inaugural Issue | Open Access (CC BY 4.0)

ABOUT THE JOURNAL

JOSA is an international, peer-reviewed, open-access journal dedicated to advancing the theory and practice of safety science through analytical and decision-based approaches. Published under the umbrella of OptimResearch, JOSA serves as a leading platform for researchers, practitioners, and policymakers working at the intersection of safety, risk management, and data-driven decision-making. Our mission is to foster interdisciplinary dialogue and disseminate high-quality research that enhances safety performance across industries, infrastructures, and communities.

TOPICS OF INTEREST

- Safety analytics & decision support systems
- Risk assessment and management
- Human factors & safety behavior modeling
- Predictive modeling & data mining for safety
- Bayesian networks & dynamic risk assessment
- Multi-criteria decision analysis in safety
- Mathematical modeling in safety contexts
- Occupational health & safety analytics
- Safety in logistics, transportation & healthcare
- Safety in manufacturing & energy sectors
- Safety policy evaluation & strategic planning
- AI & information technologies in safety/risk

IMPORTANT DATES

Submission opens	Now open
Review notification	4–6 weeks
Expected publication	2 weeks after acceptance

ARTICLE PROCESSING CHARGE

Inaugural Issue — APC Fully Waived

All articles accepted in Volume 1 are published free of charge. Authors bear no publication fees for this founding issue.

HOW TO SUBMIT

Manuscripts must be prepared according to the Author Guidelines and submitted via the journal's online submission system. All submissions undergo double-blind peer review. Authors are encouraged to review the scope and submission instructions before submitting.

Submission portal: <https://www.optimresearch.com/index.php/josa/Submit>

We are also happy to see you on our Editorial Board. To apply, just send your CV to our EiC.
